

MODEL : CT 1980

- 1) Full plastic material
- 2) Hands free two-way talkback full automatic.
- 3) Micro computer control circuit with squelch function; can thoroughly solve echo and squeal problems.
- 4) Adopt high-powered mic, elegant appearance, voice is lifelike, clear; the volume of master station and substation can be adjusted separately by oneself;
- 5) Easy installation, there is only one wire for connecting master station and substation, the volume of internal and external can be adjusted by separately
- 6) with inside and outside volume knob. So worker can adjust volume depends on need. and also have inside mute and outside mute function
- 8) Widely use at any window internal/external intercom, the place which difficult to talk.

Technical Parameters:

Working voltage: DC12V

Input voltage: AC 110V-240V

Working current: $\leq 300\text{mA}$

Speaker Power : 3W

Microphone : -48db

Environment tem: $-10^{\circ}\text{C} \sim 60^{\circ}\text{C}$

Cable Length : 1.8M

Main base : 162*110*40mm

Box size : 24*16*8CM

Sub-base: 68*20mm

Net Weight : 0.55KG
