

CT 1950

- 1) Hands free two-way talkback full automatic.
- 2) Micro computer control circuit with squelch function; can thoroughly solve echo and squeal problems.
- 3) Adopt high-powered mic, elegant appearance, voice is lifelike, clear;
- 4) Easy installation, there is only one wire for connecting master station and substation,
- 5) With inside and outside volume knob. the volume of internal and external can be adjusted by separately
- 6) With power on /off knob
- 7) With output for recording, can connect record equipment external
- 8) Widely use at any window internal/external intercom, the place which difficult to talk.

Technical Parameters:

Working voltage: DC12V

Material : High quality ABS

Working current: $\leq 300\text{mA}$

Microphone : $45\text{dB} \pm 2\text{dB}$ 10Hz-15KHz

Output power of sub-base Speaker: 3W

Output power of master: 3W

Environment term: $-10^{\circ}\text{C} \sim 60^{\circ}\text{C}$

Cable Length : 3M

Main base : $108 \times 94 \times 43\text{mm}$

Box size : $21 \times 13 \times 8\text{CM}$

Sub-base: $80 \times 22\text{mm}$

Net Weight : 0.45KG
